STUDY ABROAD SCHOLARSHIP

International Education Programs is pleased to announce a Study Abroad Scholarship for Seattle Central Community College students. The scholarship has been established by the International Education Programs division to aid students with the cost of studying in another country.

The Study Abroad Scholarship is meant to support students pursuing academic study abroad through the Washington Community College Consortium for Study Abroad (WCCCSA) or Seattle Central programs.

WCCCSA programs are designed to support the first time traveler, emphasize academic and cultural learning, and strive to prepare students for their role in a global society. The Study Abroad Scholarship is a great resource for the students at Seattle Central to apply toward any of the WCCCSA programs.

While studying abroad, not only will you learn about other cultures and other ways of experiencing the world, you gain insight into your own culture and how it is perceived by others. You have the opportunity to learn, grow, and explore - to stretch the limits of your horizons.

Your experience abroad will change your outlook on life and it will most likely affect the choices you make for your future. Your international experience will give you an advantage in our increasingly global society: cross-cultural awareness, adaptability and problem solving skills are qualities that earn you respect in the job market and give you the confidence to succeed.

Please consider the value of studying abroad – you can earn college credit while immersing in a new lifestyle and culture, and become an informed citizen of the world!

By offering the Study Abroad Scholarship, we hope to make your study abroad experience much more affordable!

### ESSAY TOPICS:
We would like to hear about your expectations for the program and your excitement to study abroad. The following questions should be answered throughout your essay.

- Why are you choosing to study abroad?
- Why have you decided to choose this particular country?
- What do you hope to gain from your experience abroad?
- How do you think you will benefit from this experience in the future?
- How does your study abroad program relate to your future professional goals?
- What obstacles, financial or otherwise, have you faced in your decision to study abroad?
- Why do you think a global education is important in today’s society?

### PROJECT PROPOSAL:
This is your chance to explain how you will give back by to Seattle Central’s campus, inspiring others to pursue their own experiences abroad. Your project must be completed by the end of your study abroad quarter. Your grades will be held until this is completed.

Things to consider in your proposal:

- Who is my target audience and how am I going to reach them?
- How will I inform members of my target audience about my project? What arrangements will I need to make to publicize my project?
- Are there already established campus or community organizations, offices, student groups or networks that I can utilize in reaching out to my target audience? How will working with these groups/offices help to benefit and expand the impact that my project will have?
- How will I carry out my project? Are there methods I can utilize, such as power point presentations, slide shows, websites, blogs, photos, etc. that can assist me in achieving my project goals and reaching my target audience?
