

Seattle Central Community College 2007 – 2008 Quarterly Tuition and Fees*

Students should be prepared to pay their quarterly tuition and fees at the time of registration. Payments not received by registration may result in serious problems for the student, including the inability to attend classes or use campus facilities.

You may use the following guidelines for assistance in calculating approximate ****quarterly** tuition and fees. The cost of ESL classes differs from the cost of college classes, so exact tuition and fee amounts for students who take a combination of ESL and College classes will be determined upon registration. Payment may be made prior to or after student's arrival in Seattle, depending on who is responsible for the payment.

To make a tuition and fees deposit for the first quarter of enrollment, please complete the "Tuition and Fees Deposit Authorization" form (page two of this document) and fax it to the International Education Programs Office at 206-587-3868. This form is also included in the admission acceptance packet for each student.
