Scavenger Hunt

Inside the folder that was distributed at our first training session on October 7th, you should have found a slip of paper that assigned you to a group to report on one of SCCC’s student support services.

In this assignment, you and your group members will research your assigned support service and prepare and present a report at our next tutor training session on Friday, October 21. Your presentation should be 3-5 minutes long and must include the following.

• Location of service
• Hours of operation
• Mission
• Services provided
• Contact person (if any)
• Whether the use of the service is available as a drop in or if an appointment is required
• Any satellite centers associated with the service and who is served by the satellites

Your Scavenger Hunt presentation is scheduled for Friday, October 21. Please submit a typed report that includes the information that you gathered. Include the names of all group members on the report. This will be due at the end of your presentation.

The ten services for the scavenger hunt presentations are:
