#### Future Education

Once you complete this Associate degree, additional education opportunities include, but are not limited to:

A Bachelor's degree in **Math** or a related field at a four-year college or university.

Seattle Central College has direct transfer agreements with four-year institutions throughout Washington state, including the University of Washington, Washington State University, and Seattle University. Math graduates from Central have also transferred to out-of-state institutions. Program and admissions requirements vary from college-to-college. Contact a Central advisor to create an educational plan tailored to transfer to the institution of your choice. You can use the College Navigator search engine found at <http://nces.ed.gov/collegenavigator> to find Math programs in Washington state or around the country.

## Pathway: **Math**

### Area of Study: **Science, Technology, Engineering, and Math**

#### **Get Started**

**Step 1:** Apply and register at South Seattle College anytime (the application is always free). Once you become a student, register for classes using the online class schedule and go to the academic calendar for registration dates and tuition deadlines.

**Step 2:** See an advisor to create a personalized educational plan by the end of your second quarter. Your plan will include prerequisites, graduation requirements, and transfer preparation if you plan to transfer to another college or university to earn a bachelor's degree.

#### **Tuition and Fees**

- Visit the [Learning Support and Tutoring Center](#) for tutoring
- Drop by the [Library](#) to get help with research; check out resources; access computers and study space; and create media projects
- Apply to the Ready Set Transfer (RST) Academy

#### Quarter 2

- Research and develop a list of four-year colleges and universities
- Attend transfer workshops and a transfer fair
- Apply for the [Seattle Colleges Foundation Scholarship](#) and other scholarships

#### Quarter 3

- Consider [Student Leadership](#) positions and other on-campus jobs
- Visit potential universities and determine application deadlines
- Meet with [Transfer Center](#) advisor to determine transfer eligibility
- Attend the University of Washington Undergraduate Research Symposium

#### Quarter 4

- Create long-term educational plan with your assigned advisor
- Research and contact Mathematics departments at potential universities
- Attend transfer workshops and a transfer fair
- Attend transfer day at prospective university
- Write your personal statement for university applications

#### Quarter 5

- Apply to universities or colleges and scholarships
- Look for summer internships such as Research Experience for Undergraduates (REUs).
- Plan to participate in the transfer student events at prospective universities
- Apply for FAFSA or WASFA at transfer university

#### Quarter 6

- [Apply for graduation for the AS-Track 2](#)
- Check in with university for admissions status
- Order cap and gown for commencement and join [Seattle Central Alumni Association](#)
- Attend graduation fair and [commencement ceremony](#)
