### Course designation key

- **IS** & **S** special requirements: Students must take (a) a minimum of 10 credits of **IS** (integrated studies) designated individual courses, linked courses or coordinated studies programs and (b) a minimum of 5 credits in speech **S** (speaking component) designated courses. Consult your counselor or advisor.
- **Prerequisite** Eligibility for English 101. Consult your counselor or advisor.
- **Prerequisites for all college courses** Unless otherwise noted, all courses require reading and writing above Adult Basic Education level. Consult your counselor or advisor.
- **Prerequisites for all natural & physical science courses** Unless otherwise noted, all Natural Science courses require eligibility for MATH 084 - Algebra I. All math and science prerequisites should have been completed within the last three (3) years. Consult your counselor or advisor.
- **CCN Common Course Numbering** As of Summer Quarter 2008, all Washington state community and technical colleges are using a Common Course Numbering (CCN) system. The system identifies courses that are equivalent at community colleges throughout the state to make it easier for students who may transfer between two-year colleges. CCN courses can be identified by an ampersand ( & ) between the course abbreviation and number.

Coordinated Studies

**CSP: Art & Anarchy**

This learning community considers the artistic and political questions posed by those who refuse business as usual in civilization. Who is civilized? Who is savage? Proceeding through improvisation, performance and discussion, this class examines primary images and texts in human history, from the Paleolithic to the present. Join us for collaborative and creative work as we connect our daily lives to a global cultural legacy.

You will select 10 credits from these courses: ANTH 201: Contemporary Issues in Anthropology; ANTH 130: World Cultures; ART 105: Survey of Modern Art; ART 255: History of the Art of Asia.

Items 1243, 1244, 1245 are taught using ALEKS, a mastery based, computerized instructional application. ALEKS will assess your current math knowledge and create a custom plan for your learning. ALEKS provides the opportunity to complete more than one level of developmental math in one quarter. You will earn credit for the highest level that you complete. Online textbook required.
