Future Education

Once you complete this Associate degree, additional education opportunities include:

- A Bachelor's degree in **Environmental Science** or a related field at a four-year college or university.

Seattle Central College has direct transfer agreements with four-year institutions throughout Washington state, including University of Washington, Washington State University and Seattle University. Environmental Science graduates from Central have also transferred to out-of-state institutions. Program and admissions requirements vary from college to college. Contact an advisor to create an educational plan tailored to transfer to the institution of your choice. You can use the College Navigator search engine found at <http://nces.ed.gov/collegenavigator> to find Environmental Science programs in Washington state or around the country.
