

## Dual Degree

### AA-DTA: Equity and Social Justice Emphasis & AAS-T in Allied Health: Generalist

This sheet is designed as an advising tool for students wanting to complete both the AA-DTA degree with an Equity and Social Justice Emphasis and the AAS-T in Allied Health: Generalist degree at the same time. It is to be used in conjunction with the AA-DTA: Equity and Social Justice Emphasis degree planning worksheet and the AAS-T in Allied Health: Generalist degree curriculum worksheet.

This dual degree is a great pathway to the [Community Health & Education](#) and [Healthcare Services Management](#) Bachelor of Applied Science (BAS) in Allied Health programs. Please contact [AlliedHealthBAS@seattlecolleges.edu](mailto:AlliedHealthBAS@seattlecolleges.edu) for more information about the BAS program.

It is the student's responsibility to verify all degree requirements with an advisor. Information may change without notice. Please note that there are applications required for the AAS-T and BAS programs.
