### ***Strategic Planning Principles***

The strategic plan:

Supports fulfillment of Seattle Central's mission as expressed in the core themes

Establishes a high level, college-wide framework for decision making regarding resource allocations and program planning.

Addresses multi-year goals and objectives pertinent to the next 5 years

Serves to build sense of common purpose and shared understanding across all areas of the college, and with external stakeholders

*The plan will serve as a living document that is meaningful in our day-to-day work, characterized by:*

1. Simplicity
2. Clarity
3. Co-accountability
