

LC150: SAY THEIR NAMES!

POWER, RESISTANCE, & JUSTICE

How do we make our *voices* heard?

How do we *care* for ourselves and communities while fighting injustice?

What can we do together to create a *healthy society* that acknowledges past and present inequities without replicating them as we forge a new world?

Our learning community will examine the ways that *power* is exerted, *resistance* is formed, and *justice* is necessary.
