2021 SPONSORSHIP OPPORTUNITIES

THE POWER OF EDUCATION

As we recover from recent crises, Seattle Central College will be at the core of rebuilding our community.

In a time when so much feels uncertain, our students give us hope for the future. Their determination in the midst of unprecedented challenges is the spirit that will help us all retool for what lies ahead.

The college's Believe Gala is a public celebration of the power of education to reinvigorate a promising future for all, and to support students on their life-changing journeys.

BELIEVE 2.1

We are excited to invite you to an exciting virtual experience. While we will not gather in person, we plan to bring as much of the celebration as possible right to your doorstep! Sponsors can expect brand exposure in the homes of our gala guests.

The Believe Gala raises funds for the college's Central Commitment program, which supports students with financial need from start to finish.

All gifts for the Seattle Central College Gala are processed through the Seattle Colleges Foundation
